-

Work Experience

Frontend Developer - Intern

Antorse Technosoft Pvt Ltd, Bengaluru (April 2024 – June 2024)

- Developed a full-stack eCommerce marketplace using the MERN stack, improving UX and increasing conversions.
- Built interactive and scalable web components with React and Material-UI.
- Collaborated with designers and backend developers to optimize user interactions and API performance.
- Independently handled frontend development in an agile, remote setting.

Full Stack Developer - Intern

Easybyts, Meerut, Uttar Pradesh (November 2023 – February 2024)

- Developed responsive user interfaces using React, Redux, Zustand, and Material-UI.
- Integrated REST APIs to enhance data-driven UI experiences.

- Debugged and optimized frontend components to improve performance.
 - Worked closely with designers to implement UI/UX improvements.
-

Projects

- **Financial Chatbot MVP** – AI-powered chatbot with real-time financial data integration.
 - **Social Media Dashboard** – Built an analytics dashboard to track engagement, growth, and content performance.
 - **E-commerce Platform** – Full-stack application with an admin dashboard, payment integration, and order tracking.
 - **Whale Tracker for Crypto** – Web3 tool for tracking whale accounts and analyzing shared crypto holdings.
-

Education

B.Sc. in Parasitology Science

Nnamdi Azikiwe University, Lagos (June 2016 – March 2023)

Certifications & Additional Information

- Active GitHub contributor in open-source and Web3 projects
- Enthusiastic about UI/UX design and web performance optimization
- Strong problem-solving skills and ability to work independently in remote environments
